

Equity Crowdfunding Video Chat

My colleague Danny Neuman and I put together this video about equity crowdfunding for an AMA on Nick Hughes' Founders Live group.

Equity crowdfunding can proceed along a number of different pathways, including:

- Rule 506(c)
- Title III
- State equity crowdfunding laws
- Regulation A+

If you want to raise money through an equity crowdfunding, we would be happy to talk to you about the various pathways, the amounts you can raise under each approach, the various complications and expected costs of each approach.
